A Vampire Cooks provides 40 recipes spread through non-alcoholic drinks, appetizers/dips, soups, main dishes and desserts. The recipes are entirely suitable for any time of the year, although the collection is heavy on recipes featuring red, since most vampires find the color very appealing. There's very little you can actually feed a vampire. Maybe Type A for dinner and Type O for dessert. They simply don't eat solid food. However, vampires are always around mortals?for one reason or another ? and mortals do eat. Most of these recipes are easy enough for even the beginning vampire cook to follow.
