Jasper The Not a Witch (Volume 1) Mr Andrew James Walker

Sometimes in life we never knows what is waiting around the corner to surprise us, just as Jasper had no idea that a strange old man would clatter into him and knock him to the ground one morning as he was on his way to his fishing boat. Next thing he knows he wakes up in a pub broom cupboard hundreds of miles away with no idea how he got there, and he's got a stone in his shoe he can't seem to get rid of. Stranger still, he starts being accused of being a witch, which he desperately assures people he most definitely is not. On a planet a very long way away, in a slightly silly place called the Unlikely Empire - where witch burning is commonplace - Jasper finds himself on an adventure to save a city and save a girl; and all he has to do is avoid being burnt at the stake, stop an army of five thousand men and better the wicked Witch-Hunter General and his soldiers. Unfortunately all he has to help him are two pub landlords and a rusty fish knife.
