When I was planning our first trip to Disney World, I had three small children. I was lucky to be able to take the time to shower. Reading a 400+ page book on planning our Disney vacation was not high on our priority list. I needed a compact book that was no frills. Just tips and hints. I couldn't find one anywhere! So after realizing that Disney World is our family's happy place and going almost every year since, friends and acquaintances have been having me plan their vacations for them. I thought it would be a great idea to make this information available to everyone at a price that a family could afford.
