The Five-Factor Model of Personality Across Cultures (International and Cultural Psychology)

The Five-Factor Model of Personality Across Cultures (International and Cultural Psychology)

The Five-Factor Model Across Cultures was designed to further an understanding of the interrelations between personality and culture by examining the dominant paradigm for personality assessment - the Five-Factor Model or FFM - in a wide variety of cultural contexts. This volume provides a comprehensive overview of contemporary research and theory about personality traits and culture that is extremely relevant to personality psychologists, cross-cultural psychologists, and psychological anthropologists.
