Part of your job as the costume designer is to be creative and use what materials are available to you to execute the design elements in a production. This book will show you how to use inexpensive materials to create durable products in a short amount of time that are practical and technical. It is written in an easy-to-follow manner and each step is shown with a wide array of illustrations and photographs. From creating armour out of laundry baskets, to detailed tricks to create a prosthetic nose for a witch, this book will show the techniques needed for you to produce end results that are beautiful, economical, and fast to make.
