Line 21 G.B. Miller

Playing the game of public sex is hard enough when you've got the family loan shark bothering you for a piece of your action, but when your symbiont wants a piece as well, it can make you question your own sanity. Flat broke with no job, Jeannie was terrified of becoming just like one of her uncle's deadbeat customers. Even though she was able to smooth-talk her way into a five-day extension of her loan, she was still stuck in the same dead-end with the same problem: no money. Still, God must've had an ulterior motive, because no sooner had she closed her phone, than a young man sat next to her and began talking. A few minutes later, Jeannie was holding a business card that could just be her potential salvation from a world of hurt. After a brief, yet highly insulting conversation with her symbiont Aissa, Jeannie was determined to test her mettle as an adult performer. Not because she needed the money, but more to the point of proving her symbiont wrong as well as proving to herself that she could play the game of public sex and still keep her morals intact. "Line 21 is a work of "erotic fantasy," and there's certainly a lot of XXX. However, the fantasy aspect--the battle for dominance between the two women inhabiting the same body--deserves equal billing. As well, the last few chapters contain some poignant romance and a bit of a detective novel slant. If you're looking for unadulterated pornography, this is not your book. If you want something intensely erotic with an actual plot, believable characters, and a genuine emotion or two, Line 21 is for you." – Carl Brush, author of *The Second Vendetta* "I found this book both entertaining and one that tugs at the heartstrings." – K.C. Sprayberry, author of *Softly Say Goodbye*.

From reader reviews:

Cameron Keller:

What do you regarding book? It is not important along? Or just adding material when you really need something to explain what the ones you have problem? How about your spare time? Or are you busy individual? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have time? What did you do? Every person has many questions above. They should answer that question since just their can do which. It said that about publication. Book is familiar in each person. Yes, it is appropriate. Because start from on pre-school until university need that Line 21 to read.

Lourdes Tyner:

In this 21st century, people become competitive in each and every way. By being competitive at this point, people have do something to make these people survives, being in the middle of often the crowded place and notice simply by surrounding. One thing that occasionally many people have underestimated the item for a while is reading. Yeah, by reading a publication your ability to survive improve then having chance to endure than other is high. For you personally who want to start reading a new book, we give you this kind of Line 21 book as beginner and daily reading e-book. Why, because this book is usually more than just a book.

Miguel Penix:

People live in this new time of lifestyle always make an effort to and must have the spare time or they will get lot of stress from both day to day life and work. So , when we ask do people have time, we will say absolutely of course. People is human not really a huge robot. Then we ask again, what kind of activity do you possess when the spare time coming to you actually of course your answer will unlimited right. Then ever try this one, reading guides. It can be your alternative within spending your spare time, the particular book you have read is usually Line 21.

Irving Tarkington:

Many people spending their time period by playing outside together with friends, fun activity with family or just watching TV all day long. You can have new activity to shell out your whole day by studying a book. Ugh, think reading a book can really hard because you have to take the book everywhere? It okay you can have the e-book, taking everywhere you want in your Touch screen phone. Like Line 21 which is obtaining the e-book version. So , why not try out this book? Let's observe.
