What a tantalizing treat for young minds! Different thinking skills -- relationships, analogies, sequences, deduction, inference, pattern decoding, and critical analysis -- are presented in a format designed to appeal to the prereader. Visual and pictorial clues are used to introduce and reinforce high-powered thinking. Unfettered by their lack of reading ability, young minds experience exciting forays into critical thinking skills. With the new "Lollipop Logic Book 2," prereaders, along with readers of all skill levels, can embark on an adventure of high-powered thinking using visual and pictorial clues. Each reproducible provides motivating exercises in a user-friendly format. Now, even very young children can cultivate critical thinking skills.
