*Losing Him, Gaining You* uses research and personal stories from divorced women to coach readers through this tumultuous time. Lewars knows the importance of taking time to grieve (and rant) about the end of your marriage, but then invites you to start focusing on what you do want, rather than on what you don't have. The book guides you through parenting plans that will work best for your children, how to co-parent effectively, how to assess your financial and work goals, the benefits of reaching out to other divorced women, how to enjoy your alone time, and once you are ready, how to start dating and determine what you are looking for in your next relationship. With humor and encouragement, Lewars assures you that you are not alone on this path and you may eventually like where you're going.
