Story Structure Architect is your comprehensive reference to the classic recurring story structures used by every great author throughout the ages. You'll find master models for characters, plots, and complication motifs, along with guidelines for combining them to create unique short stories, novels, scripts, or plays. You'll also learn how to:

- Build compelling stories that don't get bogged down in the middle
- Select character journeys and create conflicts
- Devise subplots and plan dramatic situations
- Develop the supporting characters you need to make your story work

Especially featured are the standard dramatic situations inspired by Georges Polti's well-known 19th century work, *The Thirty-Six Dramatic Situations*.
