Napoleon Hill was an American author who is widely considered to be one of the greatest writers on success. His works examined the power of personal beliefs, and the role they play in personal success. He became an advisor to President Franklin D. Roosevelt from 1933-36. "What the mind of man can conceive and believe, it can achieve" is one of Hill's hallmark expressions. How achievement actually occurs, and a formula for it that puts success in reach of the average person, were the focal points of Hill's books, 3 of which are included in this fantastic audio bundle.

Hill's Philosophy of Achievement was published as *The Law of Success*, a life-changing guide that has sold millions of copies. Now you can hear 24 hours of the incredible philosophy upon which success is built.

The Lost Prosperity Secrets of Napoleon Hill consists of a series of magazine articles Hill wrote between 1919 and 1923 for Success Magazine. Discover the principles designed for putting these steps to success into action. It is in these articles that Hill honed his theories of the success philosophy for the ordinary person. This time-tested wisdom resonates as strongly and as appropriate today as when it was first written.

A primer in success-building, *The Magic Ladder to Success* is Napoleon Hill's compact distillation of his lifetime of learning. He offers 17 factors that make up his "Law of Success" philosophy. These key principles capture the ethics and actions that empower all who harness them to become leaders in the field of their choice. Leaders are not born, Hill argues; they are molded by a remarkably similar, simple, and dynamic set of habits. This lost classic - long out of print, is newly available in this audio edition revised and updated for the 21st century.

Be inspired to be all you can be with these 3 Napoleon Hill classics.
