This house...lives on the edge of reality.

What makes a haunted house? The unsettled spirits of the dead? Or the unsettled spirits of the living? When Joey Lodge sustains a severe brain trauma, his delusions take the form of an alien spirit that guides him in the creation of a haunted house. He begins to populate the house with ghosts of his choosing, from family members to criminals, until the line between fantasy and reality blurs and even his delusions start fighting back. As terror in the house ratchets up to a maddening pitch, the alien spirit has one shocking revelation still in store.
