Leona Marisol

This bundle contains 23 paranormal erotica stories, most of which go beyond the limits of a human's body — **tentacles going deeper than anything was ever meant to go and monsters so huge that their invasion leaves a mark visible from the outside**. No woman could possibly resist the ultimate pleasure that follows, as **every hole will be filled to the brim, overflowing with the monster's seed**.

So come on in and read about a world where ghost are trapped in the physical realm till someone helps them achieve true bliss. Or about a world where our reflections are alive, where mannequins desire a woman's body, where the reaper himself can be persuaded into trading pleasure for a human's life...
