• Waterproof • Tear-Resistant • Topographic Map Guide

The **East Mountain to Hanover** *Topographic Map Guide* makes a perfect traveling companion when traversing the Vermont section of the Appalachian Trail (A.T.). The landscape of Vermont is a variety of wooded mountains, forests of white pine and paper birch, and rolling terrain dotted by fields and pastures. To the north and east, the A.T. crosses short, steep hills and overgrown farmlands that characterize the Connecticut River valley. Farther south is the rugged and rocky high country of the Green Mountains.

Each A.T. *Topographic Map Guide* includes detailed topographic maps at a detail of 1 inch = 1 mile. Each page is centered on the A.T. and overlaps with the adjacent pages so there is little chance of getting lost. Along the bottom of each page is a trail profile that shows the distance between shelters, camping areas, and trail access points. The map and trail profile provide a step by step visual guide to hiking the trail, mile by rugged mile. The *Topographic Map Guide* is built for all levels of hiking enthusiasts, from the day tripper to the multi month 'thru-hiker'. The front pages of the printed *Topographic Map Guide* include resupply information, town inset maps, camping options, and much more.

Every *Topographic Map Guide* is printed on 'Backcountry Tough' waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation.

All proceeds from the purchase of a National Geographic map help support the Society's vital exploration, conservation, scientific research, and education programs.
