Battle-Pieces and Aspects of the War Herman Melville

Herman Melville was a well-known American novelist in his day, with best-sellers like *Typee*, but by the time he died in 1891, he had fallen into obscurity. Although his first few books were popular, they too began to collect dust and be forgotten in the country. Then came the Melville Revival in the early 20th century, which breathed life into his legacy and brought his work back to the forefront. **Of course, the book that benefited the most from that revival is now considered one of the greatest American novels ever written: *Moby Dick*.**
