## Swap Out Katie Golding

Luca Roark thrives on conquering the impossible, whether it's in Spec Ops Pararescue or climbing cliffs and leaping headfirst out of planes as a civilian. But the biggest challenge he has yet to master is earning the trust of Zoe Pearce: his employer with a sharp tongue and even sharper stilettos who ends up holding the key to a future he wants more than anything. After months of Zoe asserting her place in his bedroom while keeping her emotions locked away, she stuns Luca with the news that not only is she pregnant, but she isn't staying that way. Luca suddenly finds himself caught between fighting for the life of his child and attempting to win the heart of the woman who has stolen his. But can he convince Zoe that he loves her for the right reasons when proving it means giving up the family he desperately wants to keep alive?
