Proceedings of 2015 2nd International Conference on Industrial Economics System and Industrial Security Engineering

Proceedings of 2015 2nd International Conference on Industrial Economics System and Industrial Security Engineering

This book collects high-quality papers on the latest fundamental advances in the state of the art and practice of industrial economics study and industrial security engineering, providing insights that address problems concerning the national economy, social development and economic security. The book is divided into major sections including Industrial Economics; Industrial Security; Empirical Studies; and others, all of which cover different aspects, such as industrial organization, industrial structure, industrial development, industrial distribution and industrial policies, as well as theories on industrial security in a globalized world. The papers in each section describe state-of-art research works that are often oriented on real-world applications, and highlight the benefits of related methods and techniques for developing the emerging fields of Industrial Economics and Industrial Security.
