Melville: His World and Work

Andrew Delbanco

Melville: His World and Work Andrew Delbanco

If Dickens was nineteenth-century London personified, Herman Melville was the quintessential American. With a historian's perspective and a critic's insight, award-winning author Andrew Delbanco marvelously demonstrates that Melville was very much a man of his era and that he recorded — in his books, letters, and marginalia; and in conversations with friends like Nathaniel Hawthorne and with his literary cronies in Manhattan — an incomparable chapter of American history. From the bawdy storytelling of *Typee* to the spiritual preoccupations building up to and beyond *Moby Dick*, Delbanco brilliantly illuminates Melville's life and work, and his crucial role as a man of American letters.
