ANT FARM: LIVING ARCHIVE 7

Felicity Scott

ANT FARM: LIVING ARCHIVE 7 Felicity Scott

Felicity D. Scott revisits the architectural, art, video, and intermedia practices of the experimental collective Ant Farm, self-described "super-radical activist environmentalists." Drawing together archival material on their extended fields of practice, Ant Farm features the first full-color publication of the complete Ant Farm Timeline, as well as Allegorical Time Warp: The Media Fallout (1969) and an archival dossier on Ant Farm's Truckstop Network (1970-1972).

The Ant Farm architects produced experimental works on the "fringe of architecture" (1968-1978) and were influential video artists. Felicity D. Scott is Assistant Professor of Architecture at Columbia University and a founding editor of Grey Room.
