#### The Golden Age: The Rise of The Fifth Emperor Derik Rutherford Oppenheimer

The Golden Age: The Rise of The Fifth Emperor is a suspenseful, action-filled, and horrific look into our galaxy 2,600 years into the future and 1,600 years after the Golden Age when ruthless kings, planet building, traitors, genocide, anti-matter warheads, and jump-drive are the norm. It follows a beautiful young heroine, Ariel, as she fights for survival in a war between the Federation, Alliance, and Resistance. Ariel, a eugenic clone of the Golden-Age Princess Victoria, finds herself falling in love with a Resistance commander, a clone of the King of the Golden Age. The suspenseful battles with the Federation and Alliance and a multi-trillion-credit bank heist are mixed with just enough humor and romance to make it a smooth and stimulating read, just like some of the 200+ proof drinks in the story.
