**"I don't care if it's wrong, Steven. Just take me right now..."**

My ordinary life as a young woman changed drastically when my mom got remarried. Things got complicated quickly and the entire dynamics of our family got turned upside down when William and his son, Steven, moved into our home.

Steven was fifteen years older than me. He was gorgeous, muscular and rich. As a successful entrepreneur, Steven had no need to live under our roof, but had decided to do so in an effort to really get to know his new family.

But even though society said that it was wrong to lust after my step brother, I find myself unable to control my urges. And it isn't long before both Steven and I step over the lines of what most people would consider to be "acceptable behavior".

Can our love for one another be fully expressed or will it have to forever remain a secret?

## **Bonus story: Kisses From My Cowboy Stepbrother**

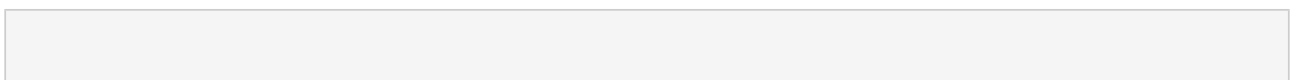

*"You are so perfect, Emily," Connor whispered, as his fingers slid up my thighs. "How did I get so lucky?"*

My mom had decided to get married to an old farmer named Richard. This meant that Richard's son, Connor, was about to be my stepbrother.

I didn't really mind having Connor in our family, though. He was the kind of manly protector that I had always needed. As a muscular rodeo cowboy, Grant had no problem protecting me from some trouble makers at a local bar near the farm.

But it was a double-edged sword. Everything that he did for me just made me fall in love with him even more and it wasn't long before I found myself *desperately needing* him physically.

The only problem, was that I wasn't sure how long we'd be able to keep our taboo relationship a secret. And no secret can stay hidden forever...
