Fantasy of Frost is the first title in The Tainted Accords.

"I felt love, excitement, respect and a ton of heartbreak..." - AmandaNicoleBooks

I know many things. What I am capable of, what I will change, what I want to become. But there is one thing I'll never know.

Being the Tatum of our world, the next to rule, should have given me a privileged life. One full of friends, love and happiness. If my mother didn't hate me, that is. Instead, she has kept me veiled from birth, turning the possibility of this distant dream into a living nightmare.

Shunned by the court, abused from childhood, I am trapped within this material barrier and will never know my own face. Only two friends and a determination to become Tatum keep me sane.

I'm unaware everything in my life is about to change when the peace delegate arrives from the savage world of Glacium. Hidden agendas, past secrets and my struggle to stay alive—while still becoming the person I want to be—careen wildly out of control.

Join Olina in this coming-of-age fantasy.

Warning: Cliff-hanger ending! Suitable for young adult+. Novel contains fighting scenes, swearing, romance, sexual themes and general kick ass.
