The heart-stopping ending of EMBRYO has created a new crisis...

They thought the nightmare was over. Intern Jill Raney and obstetrical resident David Levine barely escaped death at the hands of a madman on an old Gothic roof. The awful scene, captured by overhead news choppers, became a media obsession, run horrifyingly over and over. Jill and David are now reluctant "celebrities" - and the targets of every wacko who wants to share in the attention.

Including a killer. Someone who begins venting his fury at their "fame" by his hideous assaults on women - assaults which Jill and David discover are also death threats to them, and to a 6-month-old baby who has yet to be born.
