Nietzsche: Untimely Meditations (Cambridge Texts in the History of Philosophy)

Friedrich Nietzsche

Nietzsche: Untimely Meditations (Cambridge Texts in the History of Philosophy) Friedrich Nietzsche
The four early essays in Untimely Meditations are key documents for understanding the development of Nietzsche's thought and clearly anticipate many of his later writings. They deal with such broad topics as the relationship between popular and genuine culture, strategies for cultural reform, the task of philosophy, the nature of education, and the relationship among art, science and life. This new edition presents R. J. Hollingdale's translation of the essays and a new introduction by Daniel Breazeale, who places them in their historical context and discusses their significance for Nietzsche's philosophy.
