There have been a number of impressive longevity records set in the world of professional wrestling over the years, but they all pale in comparison to the feat that stands out far and above all others: the Undertaker's legendary undefeated streak at Wrestlemania.

The Undertaker defeated every opponent thrown in his path at Wrestlemania for nearly a quarter of a century, and the Streak grew to such legendary proportions that it was regarded by many to be of even greater prestige than the WWE World Title. This book looks at the background, aftermath, and inside stories of each and every one of the Undertaker's Wrestlemania matches, and how each contributed to the legacy of the Streak.

Recapping the Streak is just part of the journey, because the book also follows the evolution of the Undertaker himself from his early days as the grey rubber gloved zombie, through the American Badass years, and all the way to the Lord of Darkness who battled Brock Lesnar at Wrestlemania 30. We cover each of the different versions of the character throughout the years, the reasons the changes happened, and how each one helped the Undertaker stay on top of WWE for the last 25 years.
