***Flying Star Feng Shui* adds a new "time dimension" to feng shui practice reflecting the fact that the subtle energies present in our living environment are constantly changing.**

The flying star combinations make it possible to respond to-or prepare for-these changing energy "situations." These methods produce impressive and rapid results and can both shorten periods of bad luck, while initiating or prolonging periods of good fortune. These concepts have previously been available only from a few untranslated or highly technical sources.

Author Stephen Skinner has a international reputation as a populizer of feng shui concepts for Western readers. In *Flying Star Feng Shui* he introduces one of the most effective and popular aspects of feng shui practice today.
