## 3 Great Psychological Thrillers in 1 Box Set!

### His Kidnapper's Shoes

Daniel Bateman has just discovered a devastating truth; the woman who calls herself his mother is really his kidnapper. Snatched from his birth family when he was four years old, Daniel's always been tormented with vague memories from his former life. When he is confronted with a second shattering revelation, his life falls apart; booze and casual sex help numb the pain.

Daniel knows one thing for sure. He'll never be able to forgive his kidnapper. Because of her, he's been denied his dream of becoming an artist. More importantly, he'd have grown up with a mother he could love instead of one he can barely tolerate. And the shadow of his controlling stepfather wouldn't have darkened his life.

Furious, his life in pieces, Daniel needs the answer to just one question. Why did Laura Bateman kidnap him?

He's not sure he'll ever find out. The woman now under arrest for his kidnap twenty-two years ago isn't talking. Laura Bateman doesn't believe a crime has been committed; to her, stealing Daniel seemed her only option at the time. Until she receives Daniel's forgiveness, something he's sworn she'll never get, Laura's staying silent as to what really happened all those years ago.

A tense novel of psychological suspense, *His Kidnapper's Shoes* weaves one man's quest for his identity with one woman's need to heal her troubled past.

### Sister, Psychopath

When they were children, Megan Copeland adored her younger sister Chloe. Now she can't bear to be in the same room as her.

Megan believes Chloe to be a psychopath. After all, her sister's a textbook case: cold, cruel and lacking in empathy. Chloe loves to taunt Megan at every opportunity, as well as manipulating their mentally ill mother, Tilly.

When Tilly, under Chloe's malignant influence, becomes dangerously unstable, the consequences turn ugly for everyone. Megan's world falls apart, allowing long-buried truths to rise to the surface. Her sister's out of control, it seems, and there's little she can do about it. Until Chloe's actions threaten the safety of Megan's former lover. A man from whom she has withheld an important secret...

A study of sibling rivalry and dysfunctional relationships, *Sister, Psychopath* tells the story of one woman's struggle to survive the damage inflicted by her sociopathic sister.

## Guilty Innocence

Two eleven-year-old boys.

One two-year-old girl.

A murder that shocked the nation.

Ten years after being convicted of the brutal killing of a toddler, Mark Slater, formerly Joshua Barker, is released on parole from prison. Only the other boy jointly sentenced for Abby Morgan's murder, the twisted and violent Adam Campbell, knows the truth. That Mark played no part in Abby's death.

Four years later, Mark's on-off girlfriend discovers a letter revealing his conviction as a child killer. At risk of having his protective cover made public, Mark's need to confront the injustice of his sentence becomes overwhelming. Desperate to find answers, he initiates a friendship with Abby's older sister, something strictly prohibited by the terms of his parole. Rachel Morgan, however, unaware of Mark's former identity, is battling her own emotional demons.

Meanwhile, circumstances have thrust Mark back in contact with Adam Campbell, who, aged twenty-five, is more domineering and chilling than ever. Can Mark rewrite history and confront his nemesis?

A gritty novel examining child murder and dysfunctional families, Guilty Innocence tells of one man's struggle to break free from his past.
