Excerpt from The International Jew: The World's Foremost Problem

In the year 1920 Henry Ford, Sr. published *The International Jew*, a comprehensive survey of Jewish power in the United States and throughout the world. This four-volume work was originally serialized in the *Dearborn Independent*, the house organ of the Ford Motor Company.

These books have been best-sellers in many parts of the world, and have been translated into the languages of most civilized countries. Sadly, there are many countries today where possession of these books has been made punishable by confiscation or worse. In Germany, for example, a person who wants to borrow *The International Jew* from a library must first prove that he needs it for historical research. In other words, an ordinary tax-paying member of the public who supports the public library with his hard-earned money is unable to further his knowledge or satisfy his curiosity in this regard.

It is therefore in the interest of spreading truth that we republish these books in full so that new generations shall see for themselves how our problems of today are the same problems which have "mysteriously" occurred since the turn of the century. The fact that even the wealthy Henry Ford, Sr. could be forced to withdraw these books, starkly illuminates the power of the Jews, even in the 1920's. To reprint *The International Jew* now, when the Jews are so much more powerful, is some indication of the tremendous courage of the publisher.

Every American who loves his country should make it his duty to buy sufficient copies for donation to libraries, universities, business associations, etc. Most important, every American parent should have at least one set at home to pass on to his children.

In further support of the findings and conclusions of *The International Jew*, an excellent companion book, *The Dispossessed Majority*, by Wilmot Robertson, exposes the rapid increase of Jewish power since the first publication of Henry Ford's great work. No conscientious, thinking American should be without these amazing, fact-filled books.

The Dispossessed Majority (\$4.95) is also available from this publisher.
