**The man who loved women: An overview of Newton's provocative, groundbreaking photography that has inspired an entire genre**

The world of Helmut Newton is extremely complex and diverse. Considered shocking and provocative back in the 60s, by the climax of his career he enjoyed the reputation of a photographer who was able to imagine and visualize his subjects as women who take the lead rather than follow it; women who enjoy the resplendence and vitality of their bodies; women who are both responsible and willing. This book presents a whole spectrum of Newton's work and celebrates the long career of this outstanding and prolific photographer.
