The Ice Lady Frank King

A group of climbers crossing an unstable glacier run into trouble and danger and accidentally find the body of a frozen woman still hanging from her climbing rope after falling into a crevasse forty-four years before. No one expected to find the Ice Lady, but all have a reason to be there just in case. One person plots to ensure that the rest of the group will never return home to tell what they found. Cross meadows of lush grass and colorful flowers, and smell the intoxicating scent of pine sap flowing in the warmth of the morning sun, even as dread mounts in their minds that all is not right, and someone in this close knit group is a killer. Go with these adventurers through trackless wilderness. Join them as they cope with disasters caused by man and nature.
