The Human Anomaly

Tashi Alexander Javed

The Human Anomaly Tashi Alexander Javed

Several millennia ago, a revolutionary phenomenon occurred. A mysterious species arose out of nowhere with intelligence unlike any other species seen before. This new species would control the Earth with unprecedented power, but would retain little to no understanding of itself, its purpose and its relation to the grand scheme of the universe. It replaced these questions with myths, stories, and beliefs while remaining blissfully ignorant of its own potential. This dissonance would be the cause of ongoing disputes, conflicts, wars and false divisions, all stemming from the fact that our very origins are unknown. This work explores our collective history, belief systems, religions and scientific theories to shed light on this strange territory known as the human condition.

From reader reviews:

Margarita Toman:

The book The Human Anomaly can give more knowledge and information about everything you want. So why must we leave a good thing like a book The Human Anomaly? A few of you have a different opinion about reserve. But one aim in which book can give many info for us. It is absolutely appropriate. Right now, try to closer using your book. Knowledge or data that you take for that, you are able to give for each other; it is possible to share all of these. Book The Human Anomaly has simple shape but you know: it has great and large function for you. You can seem the enormous world by start and read a book. So it is very wonderful.

Doris Seavey:

The e-book untitled The Human Anomaly is the guide that recommended to you to see. You can see the quality of the e-book content that will be shown to you actually. The language that writer use to explained their way of doing something is easily to understand. The copy writer was did a lot of exploration when write the book, therefore the information that they share to you personally is absolutely accurate. You also could possibly get the e-book of The Human Anomaly from the publisher to make you far more enjoy free time.

Alvin Reed:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The Human Anomaly can make you feel more interested to read.

Kathy Davis:

What is your hobby? Have you heard that will question when you got scholars? We believe that that issue was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. And you also know that little person similar to reading or as reading become their hobby. You must know that reading is very important and book as to be the factor. Book is important thing to increase you knowledge, except your personal teacher or lecturer. You see good news or update about something by book. A substantial number of sorts of books that can you choose to use be your object. One of them is actually The Human Anomaly.
